RE: Letter of Commendation
JTCC – Godwin Hall

Dear Bruce:

I am writing to congratulate EMC for their role as a Team Member on the John Tyler Community College – Godwin Hall Renovation at the Chester Campus. The project is a multi-phase job, completed while the Owner occupies other parts of the building, which, as you are aware, has made the project more challenging. The EMC contribution to the project is approximately \$1,700,000 of a \$5,350,000 project.

Each phase has ended on schedule and through combining the work of some phases is allowing the project to complete about 6 months before the original completion date.

EMC has contributed to the success of the project by timely completion of its work, close coordination with the General Contractor and other trades, and efficient installation of its work.

I congratulate EMC for its efforts on Godwin Hall, as well as other projects on which we have worked together and wish you great success as you move forward with your next project.

On behalf of Daniel & Company, I congratulate you on your efforts on the Daniel Team, at Godwin Hall, as it has been an integral part of the success of the project.

Yours sincerely,

DANIEL & COMPANY, INC.

Samuel W. Daniel
President
