Brian,

Prestige Construction Group is pleased with EMC's performance on the VCU James Black Music Center and Franklin Terrace contracts. Your quality and professionalism allowed us to complete these jobs on time and with an increased profit margin—we could not have done this without you. Because of the above referenced jobs, we have been able to position ourselves with VCU to secure more work. Again, we thank you.

I can honestly recommend EMC as a valuable and integral partner to any construction project. Your commitment to quality and business acumen both support a great working relationship.

Regards,

Kenneth Jones,
President
